

Instructions for inflating Large Balloons

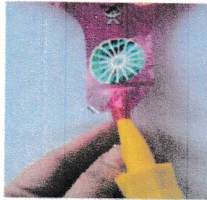

Fig1

Use a balloon pump & gently insert the pump nozzle between the red and clear plastic tube. **Do not overstretch the plastic; this might damage the sealing function.** (Fig1)

Inflate until required pressure is acquired.
Do not over inflate as balloon may burst. (Fig2)

Fig2

Fig3

Remove the balloon pump and lightly press to seal. (Fig3)

If filling with Helium, please ask your local party shop or where you will rent your helium tank for appropriate nozzle to fit this kind of balloon.

Enjoy!

IMPORTANT NOTE

As you can appreciate, we are unable to test balloons before we send them out. The balloons are all of good quality & we try our best to ensure that the products are in good condition before posting. Should you have any concerns, please notify us immediately so that we can rectify any problem. Thank you for your patronage & understanding.
